Welcome

Dear guest

We are delighted that you are interested in our hospitality. The following information should help you to plan your event successfully. We will of course be happy to advise you at any time and look forward to hearing from you.

Reservations

You can make a provisional, non-binding reservation for your desired room. This is valid for 14 days from the reservation date, or a period as agreed, and will be confirmed by us by e-mail. If there is no other enquiry, you can extend the provisional reservation again as required.

When making a provisional or definitive reservation, please let us know the date, the desired room, the approximate number of people and a time of arrival.

Budget

It is never possible to calculate exactly how much your event will cost in advance, as the actual consumption is influenced by various factors.

Nevertheless, it is very important to us not to exceed your budget expectations.

We recommend that you let us know your budget at the first meeting so that we can work out the right offer for you.

Detailed discussion

We can answer your questions and help you plan your event during a personal meeting. Please contact us in advance for a personal meeting so that we can reserve enough time for you.

Of course, you can also send us your wishes by e-mail. Please also provide us with all the necessary information. You can find everything we need to know in order to provide you and your guests with the best possible service on the checklist in this documentation.

Timetable

In addition to the arrival time, please provide us with further information on the duration of the individual programme items and, if available, a timetable and schedule.

Number of people

Please inform us as soon as possible of any major deviations so that we can organise more or fewer staff accordingly. It is also important for us to know whether and how many children, allergy sufferers and vegetarians will be present. The number of people registered on the last working day before the event will be used as the basis for invoicing in accordance with our GTC.

Important programme points

Flowers

If you do not wish to take care of the floral decorations yourself, we will be happy to order the desired arrangements from our florist at cost price or ask for our flower catalogue.

Please let us know if you require any technical equipment.

Drinks

Please let us know which drinks may be served and which drinks may have to be collected directly. Please note that for larger events we must order your wines 7 days before the event.
